

Milita is going ahead towards her dream

Milita Mardi, Age 19, daughter of Bhulu Mardi and Shunibala Murmu, was born in a very poor family in the village East Dohanagar Kathalpara, post: Patnitala, Union: Patichara, Upazila: Patnitala under the district Naogaon.

She received training about motorcycle mechanics from a combined project of UCEP-Bangladesh and women affairs Bureau at Sariakandi, Bogra. After completion of training, she has got a job as an Assistant Operator at RFL company in Norshingdi and now she is getting nine thousand taka salary per month.

Milita Mardi, Age 19, daughter of Bhulu Mardi and Shunibala Murmu, was born in a very poor family in the village East Dohanagar Kathalpara, post: Patnitala, Union: Patichara, Upazila: Patnitala under the district Naogaon. They have no land of their own. Her father is a day laborer. Her mother works in other people's house besides her own family work. She continued her education up to class five in the mission school and got educational facilities from there. Then she got admitted in Chalk-Nirkin high school after passing class five but her father became unable to bear her educational expenses besides maintaining their family. So, she worked in another people's house besides continuing her education. Then she passed Secondary School Certificate (SSC) examination and started to think about the financial condition of her father that he would not be able to get her admitted in college level education. She didn't feel happy to work in other's house.

Once she was introduced with Association for Rural Cooperation (ARCO) and became a member of the adolescent group and she attended the adolescent group meeting on regular basis. In this meeting, a field staff of ARCO discussed about the Technical, Vocational and Educational Training (TVET) and different facilities regarding it. She became motivated thinking her needs. She discussed with her family members and decided to receive the training from the 'Ma Fatema Training Centre' at Sariakandi upazila under the district Bogra organized by UCEP-Bangladesh and Women Affairs Bureau. The staffs of ARCO also told that there is possibility of getting job after successfully completion of the training. Then she went to the training center at Sariakandi, Bogra with the support of ARCO. She got admitted in the training center

and completed the course of 'Motorcycle Mechanics' for three months during the period '6th January to 6th April 2019' very much successfully. The authority of 'Ma Fatema Training Centre' organized to attend an interview for her job for the position of 'Assistant Operator' in the RFL Company at Polash Upazila in Norshingdi district. She attended the interview and became successful. Then she joined her job on 8th April 2019 and continuing to till with her competencies. Now she is getting salary nine thousand taka per month. She has gained confidence through her job. Milita is thinking of her bright future. She has been supporting her family after getting her job. She is thoughtful enough of her community people and neighbors and always suggests to move in the field of technical and vocational education those who are suffering like her. Milita's dream is to develop her carrier in her job and support to other who likes to join job like her.
